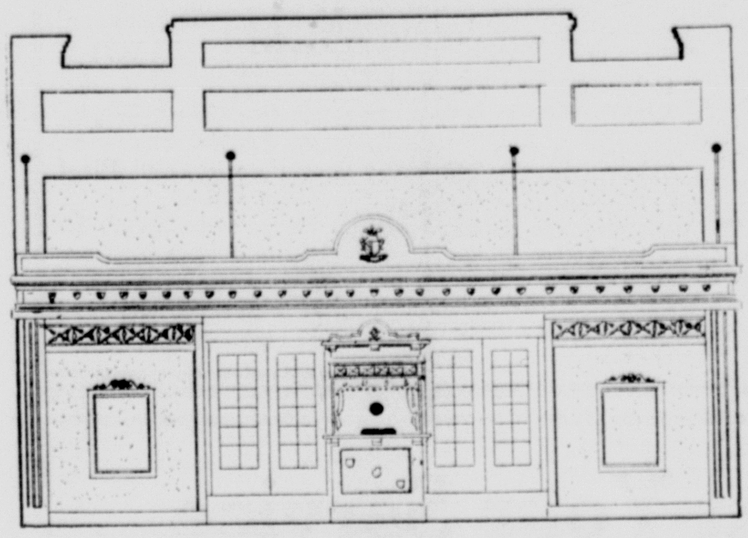
REPEAL AND BEER CARRY HERE

New Modern Theater Will Open Here Saturday September 2nd



The Cameron, new modern air cooled talking picture theatre just completed by Stanley Swift will be formally opened to the public Saturday, the first showing being the matinee hour.

"Morning Glory," a special release for the opening, a new picture just completing an engagement in Radio City in New York will christen the screen at The Cameron. The picture stars Katherine Hepburn and Douglas Fairbanks, Jr., with Adolph Menjou and a supporting cast of first liners that brings to the screen one of the major productions of all time.

The picture will run for three days, Saturday, Sunday and Monday.

Sunday night shows will be available to theatre patrons in Cameron, the new theatre including in its program entertainment night shows on Sunday, a demand that has grown with the advance of talking picture success in Cameron.

Mr. Swift has named the new show "The Cameron." It is one of the most modern screen show houses in Texas, being equipped with the latest improved sound devices. It is to be air cooled with air changing every two minutes in the building. Luxurious seats and modern appointments in every way feature the new show house. It is located in the building formerly occupied by the Wonderland Theatre, first established here about 15 years ago.

The Cameron features Spanish architecture, a type of construction popular in many American cities.

L VAN PERKINS HEADS STATE LEGION BODY

L. Van Perkins of Cameron was elected State Commander for the Department of Texas American Legion Tuesday at Wichita Falls and becomes the first Legion head from the 6th District of Texas.

Edwin Hardy Post No. 9 of which Mr. Perkins is a member sent a large delegation to the state convention headed by John Sapp, commander.

Mr. Perkins is the first member of the local post to serve in this high place. He has been a member of the State Executive Committee, and had served as Service Officer for the local post.

Mr. Perkins became a leader in Texas Legion affairs through interest in disabled veterans. It is said that he knows more of the claims of veterans than any other man in Texas, and this with other appealing work has led him to the top of veteran leadership in Texas. He had the solid endorsement of every post in the 6th district. He was elected on the first ballot with a tremendous support from all sections of Texas.

The delegation from the local post returned Wednesday while Mr. Perkins remained over in the convention city to take command of the Department. He is grateful to local Legionaires as well as friends over the state for the support given his candidacy for commander.

LEGAL BEER IN MILAM COUNTY SEPTEMBER 14

Texas became the 23rd American state to vote for repeal of the 18th Amendment to the Federal Constitution on last Saturday, legalizing at the same time the sale of beer within the state and returning big majoriteis for all amendments submitted.

Beer in Texas will be legal after midnight of September 14th next. A proclamation by the governor will put the amendment into effect.

Milam county by favorable action voted off the local option dry law, and beer in Milam county will be legal on and after midnight September 14th next.

Bell county is the only neighboring county to remain dry. Williamson, McLennan, Falls, Lee, Burleson, Robertson and Brazos all voting wet.

o

Ray Duckworth is in Oklahoma where he is engaged in conducting song services for a protracted meeting.

Favorable Verdict For Entire Ballot Recorded

32 Precincts Out Of 48 Go Wet In Milam In Saturday Voting

Thirty-two voting precincts out of 48 voted for repeal of the 18th amendment in Saturday's election and gave majorities for the state and local beer. Fifteen boxes voted dry with a tie vote of 6 and 6 at Hoyte, newly created precinct when Rice School House was discontinued.

The voting box at Port Sullivaa was discontinued and 48 boxes is the total for the county.

Fifteen precincts voted dry, Gause being the banner dry box of the county. Prohibition has been in effect since 1907 at Gause. Other dry boxes are Mayafield, Jones Prairie, Baileyville, Hanover, Bethlehem, Oak Hill, Davilla, Tracy, San Gabriel, Walker's Creek, Salty Conoley, Watson Branch, Friendship and Minerva.

In a new low tide for voting volume Milam County on Saturday August 26 returned a verdict in favor of all amendments and local option on the ballot registering majorities in major part approximating 500.

The amendment extending exemption to homestead in Texas counties not included in the exemption amendment of 1932 received the largest favorable vote with a majority of 1446.

Beer for Milam county in the special local option election was voted by a majority of 449. The bond issue for relief trailed the other amendments by a majority of 384 and the amendment giving counties of 60,000 population or more the right of home rule and consolidation of city and county governments led by a majority of 477 votes.

Approximately 2700 votes were cast in the county, the lowest modern total for balloting. Thousands of voters, either through lack of interest or failure to pay poll taxes, did not go to the polls.

In the city of Cameron hundreds failed to pay their poll taxes for the city and were not permitted to cast a ballot. It is estimated that majorities of at least two to one would have been returned for repeal and beer along with the other amendments had normal payment of poll taxes been made.

RECOVERY

What limit in definition can be placed upon this word we hear a dozen times a day—"Recovery"? The answer approximates a picture of conditions that will obtain when success crowns the President's reemployment program.

Recovery as it relates to business is not difficult to comprehend. Under the mighty reign of what we believed was prosperity we loaned seven billions a year abroad to finance our sales of half that sum, and as we stopped lending we stopped selling, and now we start from taw. So we require business recovery, and it depends upon absorption of about one fourth as many workers as are now employed. Shrewd business executives, small and large, believe that reemployment on that basis will be sound investment: that with the inevitable increase in buying power, credit will do what it always has done, move along with employment. In that case credit will be available.

But after relief from the horror of the 4 years, it is the recovery of economic security that will count even more with the average man: the recovery of material well-being; a more lasting assurance to the employer, whose old embarrassing problems of cost and distribution will be solved through cooperation; to the worker; to the housewife, of whom in these last perilous years we have lost sight entirely. This sort of recovery it is evident the President has had in mind—recovery of what a man and a woman has a right to call his soul.

Says Enforcement of Liquor Law In City of Cameron Is Farce

"Under a Cameron date line in the Temple Telegram of Tuesday morning is printed an account of arrests made in connection with liquor raids with the heading: "Raids and Arrests Made On Week End Raids in 'Wet' Cameron."

"Everybody knows who knows anything at all that there are nearly a hundred places in Cameron where intoxicating liquor is sold and at least one third of the homes keep it. Except for an occasional arrest of small operators who cannot defend themselves as well as larger sellers no effort is made to enforce the liquor laws. Officers go out and raid these small fry bootleggers and pass by the big ones every day and make no effort to arrest them or stop their selling of whiskey and beer. For 14 years liquor has been sold in Cameron and they are still selling it wide open with nothing done to stop it.

"If there is to be an honest effort made to enforce the law why not get the big ones as well as the little ones? Offenders who are arrested for violating the liquor laws should be prosecuted for that offense and not fined for vagrancy. Fines of from $14.50 to $18.50 were imposed for vagrancy against the persons arrested. The large operators in liquor are more able to pay fines than the less fortunate ones and besides if the sale of liquor is to be stopped they are the ones who should be arrested.

GENE SMITH.

Six Arrested and Big Quantity Beer Taken In Speak Easy Raid

Liquor raids made in the speak easy sector of Cameron over the week end netted arrests of six people, one a white woman and one a negro woman. Vagrancy charges were filed and fines of from $14.50 to $18.50 were assessed.

It was said that 500 bottles of beer were destroyed and a small quantity of liquor seized.

No indictments for liquor law violations have been returned by a Milam county grand jury in several months. Changed sentiment is believed responsible for this condition.

NRA CANVAS BEGINS IN CITY SUPPORT GOOD

General Stanton Dossett, commanding the army of workers for National Recovery was pleased with progress made in Cameron up to Thursday when a major effort was to be made to close the organization and co-operative work within the week.

Miss Ann Stallworth, lieutenant general and in charge of the women's work in Cameron, was far ahead of the schedule and had completed at night Wednesday a canvas of the civic clubs of the city. Members of the Business & Professional Women's Club were the first to co-operate and each member has signed as a loyal consumer to support the President in favoring those who operate under the provisions of the code.

Thursday General Stallworth was to begin canvas of the homes to ask housewives to co-operate in the movement, this being a part of the NRA program. Housewives buy 85 per cent of the home supplies in America. They will be asked to buy from Blue Eagle stores.

QUICKER, BETTER RELIEF *from use of* **Black-Draught**

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

Relic Show At Buckholts Saturday Brings To Light Many Historic Mementos of Past

By JEAN ADAMS

BUCKHOLTS.—A display of interesting relics of other days was shown Saturday by the Woman's Missionary Society of the Methodist Church at Buckholts.

The sight of these mementos stir the memory of the early settlers: A wooden horse collar, made by James Peeler, a picturesque figure in this section, a century ago. A tin-type album, three generations old; homespun clothing dating from Civil war days; a mourning veil; a doll dress and bonnet made by a little girl 60 years ago; an Indian doll made of corn shucks; a pair of baby shoes worn 73 years ago; a stone jar in which honey was buried during the Civil war to hide it from the northern soldiers . . . also a muzzle loading rifle used 100 years ago and a powder horn and shot pouch displayed by a descendent of a soldier of 1812.

A number of other valuable and historic heirlooms are in the possession of local residents. Handsome silver, a rare jeweled watch, and blue willow ware dating back to Revolutionary times; letters written in 1811 and during the Civil war; pistols used at the battle Glorieta, and other engagements of '61 and '62. One weapon being very skillfully fashioned by H. Trotter of Cameron, a gunsmith of that period.

A deed dated May, 1821 to a pew in the First Presbyterian church at Natchez, Miss., leads one to wonder how many people of today would pay three hundred dollars and an annual tax for the privilege of a seat at church.

"Elegant Extracts," a copious selection of instructive, moral and entertaining passages from the most eminent poets, in six volumes, is a well preserved reminder of what elegant and proper young ladies read in 1817.

A book of checks issued by the Exchange office of Judge John A. Buckholts, at Cameron, recalls the early days of Texas, when banks were few and far between. It was the first "bank" in Cameron.

These, and other historic bits of interest to lovers of the unusual, may be found in and near Buckholts, a thriving town which has been established sice 1881.

Sluggers Beat Davilla Sunday Afternoon

The Cameron Sluggers continued to play winning ball when they defeated Davilla Sunday afternoon at the Lawless Green Field six to two.

The Sluggers scored four runs in the first inning, one in the third and one in the eighth, while Davilla put over one in the fifth and one in the eighth.

Several of the stars on the Slugger team failed to show up for the game, but Heitman and Hobson pitched their team to victory. Heitmann was the starting pitcher for the Sluggers but gave over the assignment to Hobson at the beginning of the seventh.

The next games on the schedule of the Sluggers is a double header with Val Verde, but when or where these games are to be played is as yet undetermined.

Starting with what they are sitting on, Will Wiesse (right) of Weesatche, Goliad county, Texas, has used egg profits to build modern Texas A. and M. College type poultry houses. Profits began rolling in soon after better poultry management was adopted and he became a poultry demonstrator with K. J. Edwards, county agent, (left) in 1930. For the year ending October 31, 1932, Mr. Wiesse sold $618.74 worth of poultry products produced at a feed cost of $181.52. Flocks averaged 168 eggs per hen per year. He gets a 2-cent premium for having fresh infertile eggs.

Important in the work of co-operation is the canvas to be made by L. Van Perkins, colonel No. 1 on General Dossett's staff. He planned to make a canvas in the business district Thursday and Friday.

This work will be to ask co-operation on the part of the merchants to comply 100 per cent with the Blue Eagle provisions and the code. Mr. Perkins has just returned from Wichita Falls where he was elected Legion Commander for Texas.

Co-operation on the part of the mercahants with the program for recovery in Cameron will bring employment to men here. Merchants and employers generally who do not comply will not be permitted to display the NRA Blue Eagle.

Rockdale Wet; Cameron Returns Only Small Repeal Majority

Rockdale, considered by anti-prohibition leaders the stronghold of dry voting in the county, returned a surprising majority wet last Saturday, voting for repeal 123 to 106. Local option and state beer carried by small majorities while the regal city gave favorable returns on all the amendments.

Cameron voted for repeal of the 18th amendment by a majority of only 31, giving the same majority to local beer. The largest majority was given state beer with 47.

Gay Hill and Marak each gave majorities of 44 to 1 for repeal and local beer. The largest majority wet was recorded at Thorndale, repeal carrying by 113 votes while local beer was given a majority of 132 votes. The bond issue was badly defeated at Thorndale, the box going 63 majority against.

Based upon the number of votes polled in Burlington, solid Democratic community, gave a commanding majority of 75 for repeal only about 90 votes being polled.

Shannon Women Evidently Hate Cameras

Here are the Shannons, pictured eating lunch in Fort Worth during the hearing which resulted in Oleta's release and the other Shannons going to Oklahoma City. Mrs. R. G. Shannon, left, and her step-daughter-in-law, right, both shun the camera, while R. G. Shannon, left center, and his son, Armon, allow their pictures to be taken without concern. All except Oleta have been charged in the Urschel kidnaping.

ANTI DIPTHERIA AND TYPHOID FIGHT OPENS

The hearty response to the call for a County-wide mass meeting, which was held at the District Court Room on Sunday afternoon, August 27, to complete plans to guard against typhoid fever and diphtheria was very encouraging. Practically every community in Milam county was represented and in many instances from 6 to 10 from a community. Of this number less than one dozen were women. When men get interested we get results.

The meeting was called to order by Miss Celia Moore, State Public Health Nurse of Austin.

Dr. W. R. Newton gave a very interesting talk on the economy of prevention of diseases and stressed the fact that it is not necessary for any child to have to die of diphtheria or typhoid fever or to suffer the dsiastrious results that too often follow each of these diseases.

A prayer was offered by Rev. J. P. Love, pastor of the Cameron Episcopal church.

The Colored High School sent us a quartet of young men who gave us a group of spirituals which were greatly enjoyed.

Immediately following this number the business session was begun.

Dr. W. R. Newton was unanimously elected chairman of this campaign.

The county was then grouped into districts with a clinic center in each. Following are the dates, clinic centers and their school groups:

Wednesday, Aug. 30, Cameron clinic center; Walker's Creek, Curry, Marlow, Elm Ridge, Hoyte.

Thursday, August 31, Buckholts, clinic center; Bryant Station, Corinth, Ad Hall, Sandy Ridge, Fox.

Friday, September 1, Sharp clinic center; Lilac, Duncan, Tracy, Oakville.

Monday, September 4, Davilla, clinic center; Friendship, Val Verde.

Tuesday, September 5, Gause, clinic center; Pin Oak, Six Mile, Two Mile.

Wednesday, September 6, Yarrellton, clinic center; South Elm, North Elm, Marak.

Thursday September 7, Clarkson, clinic center; Vogelsang, Briary.

Friday, September 8, Burlington, clinic center; Ben Arnold.

Monday, September 11, Jones Prairie, clinic center; String Prairie Caddo, Baileyville.

Tuesday, Sept 12, Milano, clinic center; Prospect, Sandy Grove, Sandy Creek, Hamilton, Liberty, Sipe Springs.

Wednesday, September 13, Rockdale, clinic center; Pleasant Hill, Hamilton Chapel, Ook Hill, Bushdale, Minerva, Gay Hill, Millerton, New Salem, Bethlehem, Talbott Ridge, Eagle.

Thursday, September 14, Thorndale, clinic center; San Gabriel, Detmold, Nile, Salty, Conoley, Fairview, San Andres, Watson Branch, Ellison Ridge.

Miss. Celia Moore, with assistant nurses will be at each clinic to work with the local doctor, Dr. W. R. Newton. In centers where there is no local doctor, Dr. Newton, County Health Officer, will be in charge.

Children may go to any clinic that they wish to, but must go to the same clinic each time.

The parents of children from 6 months to 12 years of age are urged to bring those children in for vaccination against diphtheria. The typhoid serum will not be given those who take diphtheria vaccine, but will be given those who wish to take it.

There will be a charge of 50c for the diphtheria vaccination, and 75c for the typhoid serum. In cases where it is impossible to pay the child may receive vaccination free of charge.

Everyone is to consider himself a committee of one to tell his neighbors and to aid in seeing to ways for those who have no method of transportation.

This is for the Whites, Mexican, and Negroes, and each clinic will provide places for each group to meet on the same date.

Repeal By November 7th Believed Sure Declares Farley

WASHINGTON —The possibility that the 18th amendment will be voted out of the constitution within the next 11 weeks became stronger today when Texas recorded itself heavily as the 23rd successive repeal state, while 16 others prepared to ballot.

Interest swerved to the ballot in Washingtonton Tuesday. There a similar vote would bring the repeal tide to the two thirds mark.

The Texas vote drew a statement fro mPostmaster General Farley in New York that he felt sure "repeal of the 18th amendment would be assured by Nov. 7." Even if the required 36 states had voted by that date, however, repeal would not become legaly effective until all the state conventions had met several weeks later.

History Read In Slow Crumbling Walls Here Old Catholic Church

By BERENICE McLERRAN

With its wooden cross still outlined against the setting sun, and its "Enigkeit Macht Stark" (Unity Makes Strength) still legible on the walls behind the alter, the first Catholic church built in the city, in 1890, has been abandoned and is slowly crumbling.

Only a simple corner stone marks the building of this 30 by 40 foot construction, which cost $2,000 and was erected on a five acre tract of land donated by Mr. and Mrs. Dave Meyer , old pioneer settlers in this county. At that time, the church was a mission church of Temple and Burlington. Father P. M. Lennartz of Ohio, was the mission pastor at the origin of this place of worship. He died in Galveston last year.

Prior to the building of the first church in 1883, groups of Catholics began to meet in different homes in the city for worship. A golden jubilee celebration will be held here some time during the month of October in commemoration of those who early paved the way for this religion in Cameron.

In 1896, during the time of the first resident pastor, Father Peter Bienemann, the home for the nuns was built, in 1902 the school was erected and in 1904, another church was built, which was destroyed by fire in 1927. In its place now stands a $45,000 church. The priest' home was built in 1905.

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat — to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

TROOP NO. 52

J. A. Lindle, Scoutmaster

Troop 52 had for an attendance at their meeting Friday night 26 boys, the Scoutmaster and Assistant and one troop committeeman. After a short business meeting the feature of the evening was a short talk by Scout Frank Ermis. After one episode in the mystery tree story, the entire troop went over to the home of scout Ernest Michalka to honor him with a surprise birthday party. The invitation being in honor of Ernest's 19th birthday. Delicious ice cream and cake were served to the gang by Mrs. Frank Michalka, Mrs. Frank Hanel and Miss Frances Kunz. The boys greeted their fellow scout with a birthday song and entertained with group songs after the feast. Ernest responded with an appreciation of thanks. We hope that Ernest will continue to have lots of birthdays, and that he will always have ice cream and cake provided the gang is in on it again.

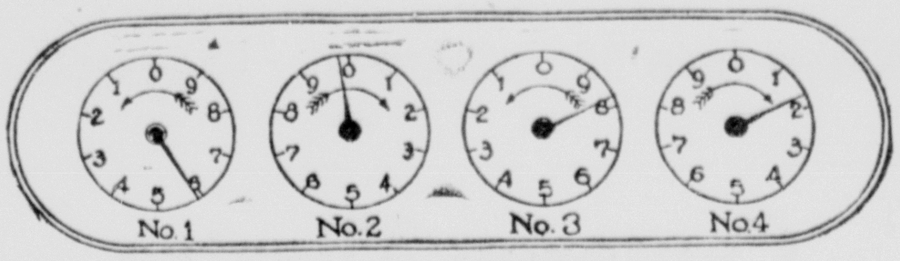
Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well.

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here.

How to READ YOUR ELECTRIC METER



KILOWATT HOURS

Each space of No. 4 dial records the equivalent of 1 Kilowatt Hour and when No. 4 dial has made one complete revolution No. 3 dial moves one space. Therefore, each space on the No. 3 dial is equivalent to 10 Kilowatt Hours, while each space of No. 2 dial is equivalent to 100 Kilowatt Hours and each space of No. 1 is equivalent to 1,000 Kilowatt Hours.

In reading your electric meter you should always write down the smaller of the two figures between which the hand points. For illustration: In reading the dial as shown above, you should show No. 1 dial as reading 5, No. 2 as reading 9, No. 3 dial as reading 8 and No. 4 dial as reading 1.

"Service First" was the slogan adopted by the T. P. & L. Company when it was organized more than twenty years ago. The spirit of this slogan has lived through the development of service from the small local plant days to the present-day dependable transmission lines which connect all customers with large and efficient steam generating plants.

And these twenty years of *"Service First"* have seen numerous voluntary reductions in the cost of service. Present low rates permit customers to use much more service than formerly.
